INDEX OF SUBJECTS

A

Acanthoma. — Multiple branchiogenic .... Report of a case (*Lillie, Cox and Teufel*) ---------- 97
Actinomycosis. — ... of tubes and ovaries. Report of a case (*Cornell*) 519
Actinomycosis. — The bacteriological diagnosis of ... (*Greey*) ------ 674*
Adamantinoma. — ... of the upper jaw. Report of a case (*Ghosh*) --- 773
Adamantinous. — Pineal teratoma with unusual ... features (*Bochner and Scarff*) ---------- 696*
Adenoma. — Cardiovascular renal changes associated with basophil ... of the anterior lobe of the pituitary (Cushing's syndrome) (*MacMahon, Close and Hass*) ---------- 177
Adenoma. — Cardiovascular renal changes associated with basophilic ... of the anterior lobe of the pituitary (*MacMahon*) ---------- 704*
Adrenal cortex. — A histological study of the ... in mongolism (*Hirning and Farber*) ---------- 435
Air. — Anatomical and experimental observations on ... embolism (*Chase*) ---------- 710*
Amyloid disease. — Primary ... of the heart. Report of a case (*Budd*) 299
Amyloidosis. — Occurrence of ... in rabbits experimentally infected with tuberculosis (*Thomas*) ---------- 419
Anal canal. — Melanoblasts of the .... Their relation to primary melanoma of the rectum (*Laidlaw, Janssen and Stout*) ---------- 690*
Anemia. — Study of the bone marrow in aplastic ... (*Rhoads and Miller*) ---------- 679*
Aneurysm. — Syphilitic ... of left coronary artery with concurrent ... of a sinus of Valsalva, and an additional case of Valsalva ... alone (*Snyder and Hunter*) ---------- 757
Antibodies. — Preliminary observations on the chemical relationship of ... to their antigens (*Perkin*) ---------- 661*
Antigens. — Preliminary observations on the chemical relationship of antibodies to their ... (*Perkin*) ---------- 661*
Aortas. — Comparative chemical and histological examinations of ... for calcium content (*Haythorn, Taylor, Crago and Burrier*) ------ 701*
Arteries. — Congenital atresia of the tricuspid orifice and anomalous origins of the coronary ... from the pulmonary artery (*Grayzel and Tennant*) ---------- 791
Arteries. — Histology of the coronary ... and their branches in the human heart (*Gross, Epstein and Kugel*) ---------- 253
Arteries. — Spleen with ... enclosed by veins (*Schmeisser*) --------- 699*
Arteriosclerosis. — Histopathology of the conducting mechanism in a heart with various degrees of block due to ... (*Cohen*) --------- 703*
Arteriosclerosis. — The types of ... (*Klotz*) ---------- 700*
Artery. — Syphilitic aneurysm of left coronary ... with concurrent aneurysm of a sinus of Valsalva, and an additional case of Valsalva aneurysm alone (*Snyder and Hunter*) ---------- 757
Aschoff body. — Studies on the myocardial .... I. Descriptive classification of lesions (*Gross and Ehrlich*) ---------- 467

* Abstract of paper presented at the meeting of the American Association of Pathologists and Bacteriologists held at Toronto, Ontario, March 29 and 30, 1934.

Aschoff body. — Studies on the myocardial. . . . II. Life cycle, sites of predilection and relation to clinical course of rheumatic fever (*Gross and Ehrlich*) - 489
Ascorbic acid. — Formation of intercellular substance by the administration of . . . (vitamin C) in experimental scorbutus (*Menkin, Wolbach and Menkin*) - 569
Atherosclerosis. — The relation of cholesterol to . . . (*Leary*) - - - - - - - - - - - - - - - - - - -

Cardiovascular. — . . . renal changes associated with basophil adenoma of the anterior lobe of the pituitary (Cushing's syndrome) (*MacMahon, Close and Hass*) - 177
Cardiovascular. — . . . renal changes associated with basophilic adenoma of the anterior lobe of the pituitary (*MacMahon*) - - - - - - - - - - - - 707*
Central nervous system. — Changes produced in the . . . of the mouse by by the virus of St. Louis encephalitis (*Smadel and Moore*) - - - - - - 827
Central nervous system. — Histological changes in the . . . following equine encephalomyelitis (*Larsell, Haring and Meyer*) - - - - - - - - 361
Chemotropic attraction. — The . . . of human leukocytes by microörganisms and various substances (*McCutcheon, Dixon and Krumbhaar*) - 678*
Chick embryo. — The cultivation of Mexican and European typhus rickettsiae in the chorio-allantoic membrane of the . . . (*Zia*) - - - - 211
Cholesterol. — The relation of . . . to atherosclerosis (*Leary*) - - - - - - - 702*
Chorio-allantoic membrane. — The cultivation of Mexican and European typhus rickettsiae in the . . . membrane of the chick embryo (*Zia*) - 211
Chorionepithelioma. — Extragenital . . . in a male (*Kantrowitz*) - - - - - 531
Complement. — The preparation, properties and applications of lyophile serum proteins and . . . (*Mudd, Reichel, Flosdorf and Eagle*) - - - - - 662*
Conducting mechanism. — Histopathology of the . . . in a heart with various degrees of block due to arteriosclerosis (*Cohen*) - - - - - - - - 703*
Coronary. — Histology of the . . . arteries and their branches in the human heart (*Gross, Epstein and Kugel*) - - - - - - - - - - - - - - - - - 253
Cushing's syndrome. — Cardiovascular renal changes associated with basophil adenoma of the anterior lobe of the pituitary (. . .) (*MacMahon, Close and Hass*) - 177

D

Dentin. — The effect of single and multiple doses of the parathyroid hormone on the calcification of the . . . of the rat incisor (*Schour, Tweedy and McJunkin*) - 321
Diabetes insipidus. — Lipoid histiocytosis with tumor-like involvement of subcutaneous fatty tissue, and with . . . (*Terplan and Hubbard*) 697*
Dick reaction. — Pseudo skin reactions as a complicating factor in the interpretation of the . . . before and after immunization against scarlet fever (*Menten, King and Finlay*) - - - - - - - - - - - - - - - - - - 677*
Digital vascular system. — Studies on the . . . with consideration of the condition of the glomus in inflammation, arteriosclerotic gangrene, diabetic gangrene and thromboangeitis obliterans (*Popoff*) - - - - - - 712*
Dog. — A case of Hodgkin's disease in a . . . (*MacMahon*) - - - - - - - - - 309*
Dog. — Experimental studies on venereal sarcoma of the . . . (*Stubbs and Furth*) - 275
Duodenum. — Primary carcinoma of the . . . (*Dardinski*) - - - - - - - - - 313

E

Eclampsia. — Hyperactivation of the neurohypophysis as the pathological basis of . . . and other hypertensive states (*Cushing*) - - - - - - - - 145
Eclampsia. — The relation of increased intra-abdominal pressure to the liver lesions of . . . (*Strauss and Maddock*) - - - - - - - - - - - - - - - - 821
Embolism. — Anatomical and experimental observations on air . . . (*Chase*) - 710*
Embolism. — Pulmonary . . . following trauma (*McCartney*) - - - - - - - 709*
Embolism. — Thrombosis and pulmonary . . . (*Belt*) - - - - - - - - - - - - 129

Encephalitis. — Changes produced in the central nervous system of the mouse by the virus of St. Louis . . . (*Smadel and Moore*) - - - - - - - 827
Encephalitis. — . . ., probably due to lead poisoning. Report of a case (*Baker*) - 637
Encephalitis. — St. Louis . . . — experiments on pathogenesis and immunity (*Webster and Fite*) - 666*
Encephalitis. — Serological relationship of St. Louis and Japanese . . . (*Webster and Fite*) - 667*
Encephalomyelitis. — Histological changes in the central nervous system following equine . . . (*Larsell, Haring and Meyer*) - - - - - - - - - - - - 361
Erythrocyte. — Tumors and tumor-like conditions of the lymphocyte, the myelocyte, the . . . and the reticulum cell (*Callender*) - - - - - - 443
Experimental poliomyelitis. — Alterations in mineral constituents of anterior horn cells in . . . (*Patton*) - 615

F

Fat infiltration. — Focal . . . in the liver (*Simon*) - - - - - - - - - - - - - - - - 799
Fistula. — Tracheo-esophageal . . . of syphilitic origin. Report of a case (*Bucher and Ono*) - 391
Friedreich's ataxia. — A clinical and pathological study (*Baker*) - - - - - 113

G

Gangrene. — Studies on the digital vascular system with consideration of the condition of the glomus in inflammation, arteriosclerotic . . ., diabetic . . . and thromboangeitis obliterans (*Popoff*) - - - - - - - - - - 712*
Giant cells. — Radial inclusions of . . . (*Hirsch*) - - - - - - - - - - - - - - - - 686*
Glomeruli. — Disappearance of . . . in chronic kidney disease (*Moritz and Hayman*) - 687*
Glomeruli. — The disappearance of . . . in chronic kidney disease (*Moritz and Hayman*) - 505
Glomus. — Studies on the digital vascular system with consideration of the condition of the . . . in inflammation, arteriosclerotic gangrene, diabetic gangrene and thromboangeitis obliterans (*Popoff*) - - - - - 712*
Glycogen-storage disease. — . . ., Thesaurismosis glycogenica (von Gierke) (*Humphreys and Kato*) - 589
Grading. — The issues at stake in the . . . of tumors (*Reimann and Brown*) - 688*
Granulomas. — Postoperative lycopodium . . . (*Erb*) - - - - - - - - - - - - - 684*

H

Heart. — Histology of the coronary arteries and their branches in the human . . . (*Gross, Epstein and Kugel*) - 253
Heart. — Histopathology of the conducting mechanism in a . . . with various degrees of block due to arteriosclerosis (*Cohen*) - - - - - - - - 703*
Heart. — Primary amyloid disease of the. . . . Report of a case (*Budd*) 299
Heart muscle. — Unidentified parasite in . . . (*Von Glahn*) - - - - - - - - 647
Heart valves. — Myxoma of the. . . . Report of a case (*Jaleski*) - - - - - 399
Hemangioblastomas. — Multiple . . . of the spinal cord with syringomyelia. A case of Lindau's disease (*Wolf and Wilens*) - - - - - - - - 545
Hemangioma. — A malignant . . . with metastases (*Hall*) - - - - - - - - - 692*
Hodgkin's disease. — A case of . . . in a dog (*MacMahon*) - - - - - - - - 309
Hormone. — The effect of single and multiple doses of the parathyroid . . . on the calcification of the dentin of the rat incisor (*Schour, Tweedy and McJunkin*) - 321

Hydrogen ion concentration. — Studies on inflammation. X. The cytological picture of an inflammatory exudate in relation to its . . . (*Menkin*) - - -

Leukocytes. — The fate of injected marked homologous . . . in the guinea pig (*Ungar and Wilson*) ---------- 678*
Lindau's disease. — Multiple hemangioblastomas of the spinal cord with syringomyelia. A case of . . . (*Wolf and Wilens*) ---------- 545
Lipoid histiocytosis. — . . . with tumor-like involvement of subcutaneous fatty tissue, and with diabetes insipidus (*Terplan and Hubbard*) 697*
Liver. — Focal fat infiltration in the . . . (*Simon*) ---------- 799
Liver. — Inclusion bodies in the salivary glands and . . . of mice and rats (*Thompson*) ---------- 676*
Liver. — The relation of increased intra-abdominal pressure to the . . . lesions of eclampsia (*Strauss and Maddock*) ---------- 821
Lycopodium. — Postoperative . . . granulomas (*Erb*) ---------- 684*
Lymph nodes. — Studies on the mature and immature lymphoid cells of spleen, . . . and thymus of normal rats and rats infected with *Trypanosoma brucei* (*Hu*) ---------- 29
Lymphocyte. — Tumors and tumor-like conditions of the . . ., the myelocyte, the erythrocyte and the reticulum cell (*Callender*) ------- 443
Lymphoid cells. — Studies on the mature and immature . . . of spleen, lymph nodes and thymus of normal rats and rats infected with *Trypanosoma brucei* (*Hu*) ---------- 29
Lymphoid cells. — Studies on the mature and immature . . . of the peripheral blood of normal rats and rats infected with *Trypanosoma brucei* (*Hu and Ch'in*) ---------- 43
Lyophile. — The preparation, properties and applications of . . . serum proteins and complement (*Mudd, Reichel, Flosdorf and Eagle*) ---- 622*

M

Male. — Extragenital chorionepithelioma in a . . . (*Kantrowitz*) ----- 531
Melanoblasts. — . . . of the anal canal. Their relation to primary melanoma of the rectum (*Laidlaw, Janssen and Stout*) ---------- 690*
Melanoma. — Melanoblasts of the anal canal. Their relation to primary . . . of the rectum (*Laidlaw, Janssen and Stout*) ---------- 690*
Meningioma. — . . . of the tuberculum sellae with hyperostosis. Report of a case with autopsy findings (*Bucy and Kredel*) ---------- 805
Metastases. — Microscopic . . . in the thyroid gland (*Rice*) -------- 407
Microglia-like cells. — . . . and their reaction following injury to the liver, spleen and kidney (*Dunning and Stevenson*) ---------- 343
Mineral constituents. — Alterations in . . . of anterior horn cells in experimental poliomyelitis (*Patton*) ---------- 615
Mongolism. — A histological study of the adrenal cortex in . . . (*Hirning and Farber*) ---------- 435
Morphine. — Cytopathological studies of . . . poisoning and chronic morphinism in the albino rat, with reference to subsequent lecithin treatment (*Horning*) ---------- 219
Myelocyte. — Tumors and tumor-like conditions of the lymphocyte, the . . ., the erythrocyte and the reticulum cell (*Callender*) -------- 443
Myelosarcomatosis. — . . . (*Waugh*) ---------- 679*
Myocarditis. — Granulomatous. . . . A case for diagnosis (*Miller*) --- 685*
Myocardium. — Sarcosporidia in the . . . of a premature infant. Report of a case (*Hertig*) ---------- 413
Myxoma. — . . . of the heart valves. Report of a case (*Jaleski*) ------ 399

N

Neurogenic. — Primary intramedullary . . . sarcoma of the ulna. Report of a case (*Peers*) ---------- 811

Neurogenic. — Primary . . . sarcoma of the bladder in an infant 1 month of age (*Harvey and Tennant*) ---------- 125
Neurohypophysis. — Hyperactivation of the . . . as the pathological basis of eclampsia and other hypertensive states (*Cushing*) ----- 145
Non-lipoid histiocytosis. — Report of a case of . . . (reticuloendotheliosis) with autopsy (*Foot and Olcott*) ---------- 81

O

Ovaries. — Actinomycosis of tubes and . . . . Report of a case (*Cornell*) 519
Ovaries. — Carcinoma of the tubes and . . . secondary to carcinoma of the body of the uterus (*Sampson*) ---------- 1

P

Pancoast. — Superior pulmonary sulcus tumor (. . .) (*Clarke*) ------ 693*
Parasite. — Unidentified . . . in heart muscle (*VonGlahn*) ---------- 647
Parathyroid. — The effect of single and multiple doses of the . . . hormone on the calcification of the dentin of the rat incisor (*Schour, Tweedy and McJunkin*) ---------- 321
Pathogenesis. — St. Louis encephalitis — experiments on . . . and immunity (*Webster and Fite*) ---------- 666*
Pigmented moles. — Addenda to a theory of . . . (*Laidlaw and Murray*) 319
Pineal teratoma. — . . . with unusual adamantinous features (*Bochner and Scarff*) ---------- 696*
Pituitary. — Cardiovascular renal changes associated with basophil adenoma of the anterior lobe of the . . . (Cushing's syndrome) (*MacMahon, Close and Hass*) ---------- 177
Pituitary. — Cardiovascular renal changes associated with basophilic adenoma of the anterior lobe of the . . . (*MacMahon*) ---------- 707*
Pneumococcus. — Bacterial variation in . . . and *Streptococcus hemolyticus* (*Dawson*) ---------- 674*
Poisoning. — Cytopathological studies of morphine . . . and chronic morphinism in the albino rat, with reference to subsequent lecithin treatment (*Horning*) ---------- 219
Poliomyelitis. — The pathogenesis of acute anterior . . . (*Brodie*) ---- 665*
Polyarteritis nodosa. — . . . (*Haining and Kimball*) ---------- 349
Polycystic. — Etiology of congenital bilateral . . . kidneys (*Davis*) ---- 687*
Pressure. — The relation of increased intra-abdominal . . . to the liver lesions of eclampsia (*Strauss and Maddock*) ---------- 821
Prostate. — The morphology of the senile . . . (*Moore*) ---------- 688*
Pseudocancer. — . . . of the stomach (*Kolodny*) ---------- 698*
Pulmonary. — . . . embolism following trauma (*McCartney*) -------- 709*
Pulmonary orifice. — Anomalies of the interventricular septum and. . . . Report of two cases (*Halpert and Tennant*) ---------- 375
Purpura. — Thrombopenic . . . associated with carcinoma of the stomach with extensive metastases (*Lawrence and Mahoney*) ------- 383

R

Rectum. — Melanoblasts of the anal canal. Their relation to primary melanoma of the . . . (*Laidlaw, Janssen and Stout*) ---------- 690*
Renal changes. — Cardiovascular . . . associated with basophil adenoma of the anterior lobe of the pituitary (Cushing's syndrome) (*MacMahon, Close and Hass*) ---------- 177
Renal changes. — Cardiovascular . . . associated with basophilic adenoma of the anterior lobe of the pituitary (*MacMahon*) ------- 707*

Renal epithelial cells. — Inclusions in . . . following the use of certain bismuth compounds (*Pappenheimer and Maechling*) - - - - - - - - - 577
Renal lesions. — The . . . of rheumatic fever (*Blaisdell*) - - - - - - - - - - 287
Reticuloendotheliosis. — Report of a case of non-lipoid histiocytosis (. . .) with autopsy (*Foot and Olcott*) - 81
Reticulum cell. — Tumors and tumor-like conditions of the lymphocyte, the myelocyte, the erythrocyte and the . . . (*Callender*) - - - - - - - - 443
Rheumatic fever. — Studies on the myocardial Aschoff body. II. Life cycle, sites of predilection and relation to clinical course of . . . (*Gross and Ehrlich*) - 489
Rheumatic fever. — The heart valves and muscle in experimental scurvy with superimposed infection. With notes on the similarity of the lesions to those of . . . (*Rinehart and Mettier*) - - - - - - - - - - - - - - 61
Rheumatic fever. — The renal lesions of . . . (*Blaisdell*) - - - - - - - - - - 287

S

Salivary glands. — Inclusion bodies in the . . . and liver of mice and rats (*Thompson*) - 676*
Salivary glands. — Intranuclear inclusions in the . . . of moles (*Rector and Rector*) - 629
Sarcoma. — Experimental studies on venereal . . . of the dog (*Stubbs and Furth*) - 275
Sarcoma. — Primary intramedullary neurogenic . . . of the ulna. Report of a case (*Peers*) - 811
Sarcoma. — Primary neurogenic . . . of the bladder in an infant 1 month of age (*Harvey and Tennant*) - 125
Sarcosporidia. — . . . in the myocardium of a premature infant. Report of a case (*Hertig*) - 413
Scarlet fever. — Pseudo skin reactions as a complicating factor in the interpretation of the Dick reaction before and after immunization against . . . (*Menten, King and Finlay*) - 677*
Scorbutus. — Formation of intercellular substance by the administration of ascorbic acid (vitamin C) in experimental . . . (*Menkin, Wolbach and Menkin*) - 569
Scurvy. — The heart valves and muscle in experimental . . . with superimposed infection. With notes on the similarity of the lesions to those of rheumatic fever (*Rinehart and Mettier*) - - - - - - - - - - - - - - 61
Sepedonium. — A unique infection in man caused by a new yeast-like organism, a pathogenic member of the genus . . . (*Hansmann and Schenken*) - 731
Serum proteins. — The preparation, properties and applications of lyophile . . . and complement (*Mudd, Reichel, Flosdorf and Eagle*) - - 662*
Sinus of Valsalva. — Syphilitic aneurysm of left coronary artery with concurrent aneurysm of a . . ., and an additional case of Valsalva aneurysm alone (*Snyder and Hunter*) - 757
Spinal cord. — Multiple hemangioblastomas of the . . . with syringomyelia. A case of Lindau's disease (*Wolf and Wilens*) - - - - - - - - 545
Spleen. — . . . with arteries enclosed by veins (*Schmeisser*) - - - - - - - - 699*
Spleen. — Studies on the mature and immature lymphoid cells of . . ., lymph nodes and thymus of normal rats and rats infected with *Trypanosoma brucei* (*Hu*) - 29
Staphylococcal toxin. — A study of the action of a filtrable . . . on the kidneys of normal rabbits (*Rigdon, Joyner and Ricketts*) - - - - - - - 425
Stomach. — Pseudocancer of the . . . (*Kolodny*) - - - - - - - - - - - - - - - 698*
Stomach. — Thrombopenic purpura associated with carcinoma of the . . . with extensive metastases (*Lawrence and Mahoney*) - - - - - - - 383

Streptococcus hemolyticus. — Bacterial variation in pneumococcus and . . . (*Dawson*) - 674*
Sulcus tumor. — Superior pulmonary . . . (Pancoast) (*Clarke*) - - - - - - 693*
Syphilitic. — . . . aneurysm of left coronary artery with concurrent aneurysm of a sinus of Valsalva, and an additional case of Valsalva aneurysm alone (*Snyder and Hunter*) - 757
Syphilitic origin. — Tracheo-esophageal fistula of . . . . Report of a case (*Bucher and Ono*) - 391
Syringomyelia. — Multiple hemangioblastomas of the spinal cord with. . . . A case of Lindau's disease (*Wolf and Wilens*) - - - - - - - - 545

T

Teratoma. — Pineal . . . with unusual adamantinous features (*Bochner and Scarff*) - 696*
Thesaurismosis glycogenica (von Gierke). — Glycogen-storage disease, . . . (*Humphreys and Kato*) - 589
Thromboangeitis obliterans. — Studies on the digital vascular system with consideration of the condition of the glomus in inflammation, arteriosclerotic gangrene, diabetic gangrene and . . . (*Popoff*) - - - - 712*
Thrombosis. — . . . and pulmonary embolism (*Belt*) - - - - - - - - - - - - - 129
Thymus. — Studies on the mature and immature lymphoid cells of spleen, lymph nodes and . . . of normal rats and rats infected with *Trypanosoma brucei* (*Hu*) - 29
Thyroid. — The functional reactions of the human . . . (*Goormaghtigh and Thomas*) - 713
Thyroid gland. — Microscopic metastases in the . . . (*Rice*) - - - - - - - - 407
Tissue-antigen reactions. — Tissue reactions in immunity: . . . during period of incubation (*Kahn*) - 671*
Tissue-antigen reactions. — Tissue reactions in immunity: . . . in protein-immunized rabbits (*Kahn and McDermott*) - - - - - - - - - - - - - - - 669*
Tissue reactions. — . . . in immunity: tissue-antigen reactions during period of incubation (*Kahn*) - 671*
Tissue reactions. — . . . in immunity. Tissue-antigen reactions in protein-immunized rabbits (*Kahn and McDermott*) - - - - - - - - - - - - - - - 669*
Tracheo-esophageal. — . . . fistula of syphilitic origin. Report of a case (*Bucher and Ono*) - 391
Trauma. — Pulmonary embolism following . . . (*McCartney*) - - - - - - - - 709*
Tricuspid orifice. — Congenital atresia of the . . . and anomalous origins of the coronary arteries from the pulmonary artery (*Grayzel and Tennant*) - 791
Trypanosoma brucei. — Studies on the mature and immature lymphoid cells of spleen, lymph nodes and thymus of normal rats and rats infected with . . . (*Hu*) - 29
Trypanosoma brucei. — Studies on the mature and immature lymphoid cells of the peripheral blood of normal rats and rats infected with . . . (*Hu and Ch'in*) - 43
Tubercle bacilli. — A free growth period of . . . in the guinea pig omentum as related to the hypersensitive state (*Woodruff*) - - - - - - - - 739
Tuberculosis. — Anatomical studies on primary and postprimary . . . in white children and adults (*Terplan*) - - - - - - - - - - - - - - - - - - - 680*
Tuberculosis. — Occurrence of amyloidosis in rabbits experimentally infected with . . . (*Thomas*) - 419*
Tuberculosis. — . . . of the major bronchi (*Reichle and Frost*) - - - - - - - 651
Tuberculosis. — . . . of the major bronchi (*Reichle and Frost*) - - - - - - - 683*
Tuberculous cavities. — The healing of . . . . A study by serial sections (*Long and Duetz*) - 682*

Tuberculum sellae. — Meningioma of the . . . with hyperostosis. Report of a case with autopsy findings (*Bucy and Kredel*) - - - - - - - - - - - 805
Tubes. — Actinomycosis of . . . and ovaries. Report of a case (*Cornell*) 519
Tubes. — Carcinoma of the . . . and ovaries secondary to carcinoma of the body of the uterus (*Sampson*) - 1
Tumors. — The issues at stake in the grading of . . . (*Reimann and Brown*) - 688*
Tumors. — . . . and tumor-like conditions of the lymphocyte, the myelocyte, the erythrocyte and the reticulum cell (*Callender*) - - - - - - - 443
Typhus rickettsiae. — The cultivation of Mexican and European . . . in the chorio-allantoic membrane of the chick embryo (*Zia*) - - - - - - - 211

U

Ulna. — Primary intramedullary neurogenic sarcoma of the . . . . Report of a case (*Peers*) - 811
Uterus. — Carcinoma of the tubes and ovaries secondary to carcinoma of the body of the . . . (*Sampson*) - 1

V

Vaccination. — Experimental . . . with B.C.G. (*Clawson*) - - - - - - - - - - 664*
Veins. — Spleen with arteries enclosed by . . . (*Schmeisser*) - - - - - - - - 699*
Venereal sarcoma. — Experimental studies on . . . of the dog (*Stubbs and Furth*) - 275
Virus. — Changes produced in the central nervous system of the mouse by the . . . of St. Louis encephalitis (*Smadel and Moore*) - - - - - - - 827
Vitamin C. — Formation of intercellular substance by the administration of ascorbic acid (. . .) in experimental scorbutus (*Menkin, Wolbach and Menkin*) - 569

Y

Yeast-like organism. — A unique infection in man caused by a new . . . , a pathogenic member of the genus sepedonium (*Hansmann and Schenken*) - 731
